---

Attached is a list of those sites Weston tells us were active during the extended time period of Year 10 (6/22/16 – 03/22/17) for EP-W-06-042 . Please complete a form for each TDD by your name and **e-mail to Will LaBombard with a cc to me**. Note the **deadline** is **Tuesday 05/23**. As a reminder, a detailed narrative is required as well as your "color" ratings.

If there is a site missing from this list, please complete a form for it and we'll add it to the list. Conversely, if there is a site listed here where no work was performed during the time period, please let us know and we'll delete it.

Finally, please send all evaluations electronically.

Chris, Monica – am sending this to you so you can see which of your folks are involved. Monica, I'll let you decide how to handle Brandi's sites – I haven't included her in this e-mail. If you want me to send them directly to her, I'll be happy to do so.

Let us know if you have any questions.

Thanks everyone!
